

Dear Colleagues,

Greetings from the Cold War History Research Center, Budapest which celebrates the 20th anniversary of its foundation in December, 1998.

This is to invite you to contribute to our unique scholarly enterprise:

The Bibliography of New Cold War History.

http://www.coldwar.hu/main_pubs/Bibliography.pdf

This already quite extensive bibliography was published on our Center's website in 2017 (575 pages).

It attempts to present the publications on the history of the Cold War **published after 1989**, the beginning of the „archival revolution” in the former Soviet bloc countries. While this first edition is far from complete, it collects a huge number of books, articles and book chapters on the topic.

Now we have been working on an enlarged version of this bibliography that will be published by the end of 2018. The extended bibliography will be an unique reference work and an indispensable resource for scholars and students interested in the history of the Cold War all over the World.

Now we are inviting you to send us a full list of your publications on any aspects of the Cold War, published since 1989.

The deadline for submission is November 15, 2018.

If possible, please, organize the list into two categories (1. Books, 2. Articles/Book chapters) and to facilitate our editing work, please, send us a file in Word format and follow the sample below.

If the language of the work is not English, please, insert an English translation of the title in square brackets [].
